Professional Experience

Stanford University Libraries
Authorities & Entity Management Librarian
February 2025 -PRESENT, Hybrid on-site

Manages MARC authority data for Stanford University Libraries. Helps advance the production of linked open data cataloging within Stanford University Libraries and beyond by serving as a Sinopia administrator, developing and delivering staff training, and collaborating across departments and professional communities. Serves as Product Owner and Project Manager for Blue Core, and participates in planning for new metadata and technical service workflows. Collaborates closely with developers on metadata systems and workflow design. Works with Sinopia users to fine-tune templates and receive feedback for development and future projects. Supports Open Metadata policy and initiatives, and facilitates the routine deposit of CC0 licensed bibliographic metadata to the Stanford Repository.

Stanford University Libraries
Linked Data Community Outreach Librarian
October 2023 -February 2025, Remote

Helps advance the production of linked open data cataloging within Stanford University Libraries and beyond by serving as a Sinopia administrator, and collaborating across departments and professional communities. Serves as Project Manager for Blue Core, and participates in project planning for new metadata and technical service workflows. Works with Sinopia users to fine-tune templates and receive feedback for development and future projects.

Teachers College, Columbia University
Head of Technical Services and Metadata Librarian
March 2021 - September 2023, New York, NY

Responsible for collections operations and acquisitions, cataloging and metadata, library systems administration, ARL statistics and collection statistics, course reserves, interlibrary loan, electronic resource management, and technical services areas. Provide strategic planning for library and College-wide metadata workflows, projects, and grants.

Teachers College, Columbia University
Acquisitions and Materials Librarian
September 2018 - January 2021, New York, NY

Responsible for managing a patron-driven acquisitions program, interlibrary loan, metadata workflows, electronic resources, and a homegrown document delivery system and service for library acquisitions. Assist with gathering collections statistics for annual ARL reporting.

Brooklyn Public Library / Library Information Supervisor
2017 - 2018, Brooklyn, NY

Managing librarian responsible for general branch operations including staff scheduling, performance reviews, program development, and customer service with a specialization in children's services and programming.

Brooklyn Public Library / School Outreach Librarian
2015 - 2017, Brooklyn, NY

Outreach librarian responsible for designing and delivering educator, student, and parent workshops while managing relationships with 50 Brooklyn K-12 schools in the MyLibraryNYC program.

Brooklyn Public Library / Children's Librarian
2014 - 2015, Brooklyn, NY

Responsibilities included desk reference and services for school-age children and their families.

Sussman Sales Company / Librarian and Media Specialist
2012 - 2013, New York, NY

Responsible for the curation and ordering of book collections for K-12 classroom and school libraries, as well as bibliographic database development and administration for e-commerce purposes, company catalog production, marketing materials, and maintaining publisher relationships.

Education

University of Illinois / MLIS
May 2014, Urbana-Champaign, IL

Loyola University Chicago / BSEd
May 2008, Chicago, IL
